ABOUT THE HAWAII CHAPTER NATIONAL HEMOPHILIA FOUNDATION

The National Hemophilia Foundation (NHF) Hawaii Chapter is dedicated to finding better treatments and providing community support and resources for bleeding disorders Ohana across all islands. We strive to prevent the complications of these disorders through education, advocacy and community outreach. Supported programs consist of family educational meetings, Koko Ohana Family Camp, Island Teen Summit, Island Outreach programs as well as financial assistance programs for those families in need.

We were founded out of a need to raise awareness for voices not heard. We have continued to make a difference with the help of our donors and volunteers that make our mission possible. We look forward to your partnership as, together, we improve the lives of people with bleeding disorders
